Who is ECM

"We'll outperform our competitors hands down... you have my word on it!"

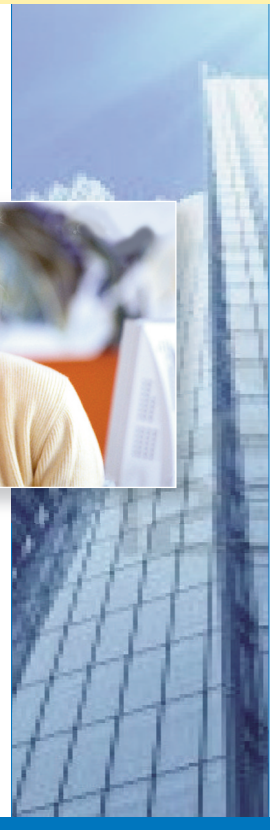
Jose Ramirez, President, CEO

ECM has been in business since 1985. Our headquarters, a 69,000 sq.ft. facility, is located in Boynton Beach, Florida, with approximately 235 employees. Our fleet of over 137 fully-stocked, service and installation vehicles guarantees prompt and efficient service to more than 50,000 commercial and residential contract customers throughout Broward, Palm Beach, Martin, St. Lucie, and Indian River Counties.

Exceptional Customer Service

ECM—A Proven Leader in Service Excellence

When choosing a service company you are in essence hiring or doing business with every person employed there. The biggest question are whether they hire the best qualified people in the industry and are you going to receive top notch quality service when you need it? If you are looking for Same Day Service, 7 days a week with professional master technicians, then you want ECM. We deliver what we promise—great service. For 29 years, ECM has continued its quest to provide you, our customer, with unparalleled quality service.



Technicians

- Employees — not subcontractors
- Highly qualified and certified
- Are assigned to a particular territory so they are always available for emergency service calls
- Trained to troubleshoot and evaluate the situation so they can complete the job quickly and efficiently

ECM Provides Service When You Need it!

Office Hours: 7am - 7pm - 7 days with 24 hour Emergency
Service. ECM will quote you in writing before any work is done.

Service Contracts Available

ECM offers three types of Service Contracts to give you worry-free repair service for all your commercial needs.

- ***Parts and Labor Service Contract***
  ECM will provide unlimited service to repair all contract covered equipment. We will furnish parts, labor and materials necessary to repair and maintain the covered equipment and keep it in good operating condition.

- ***Labor Only Service Contract***
  Unlimited service by ECM will be provided to repair all contract covered equipment. If parts are needed to repair the equipment, ECM will furnish parts and materials upon your approval at a 15% discount off list prices.

- ***Preventative Maintenance Agreements***
  This precision Tune-Up program for your air conditioning systems(s) is designed to minimize costly breakdowns, reduce operating costs, improve efficiency and extend the life of your equipment.

  ECM will provide the following for your Tune-Up:
  - ✓ A thorough checkup of all equipment
  - ✓ Necessary labor and maintenance materials to perform a comprehensive maintenance program
  - ✓ Preferred Customer Status
  - ✓ A 15% Discount on all Future Service
  - ✓ A written report detailing the condition of each system.

• *24 Hour emergency service*

Drainage, Underground Plumbing

Underground Plumbing Leak Repair

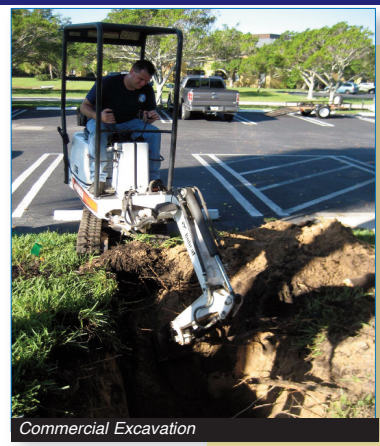
• 24 Hour emergency service

RESIDENTIAL • COMMERCIAL • INDUSTRIAL

Hydro Jetting

Jetting as an efficient and cost effective way to clean even the nastiest old drain and sewage lines. Hydro Jetting uses high pressure water to break loose any sludge, grease or other materials that slow the flow of water in your drains. Hydro Jetting is also the most reliable and efficient method for cleaning and restoring even the oldest and most clogged drain lines to an almost like-new condition.

ECM's Hydro Jetting professionals are certified, licensed and well trained to effectively operate and maximize the potential of Hydro Jetting. Maintenance programs are available for monthly, quarterly and yearly customers.



Commercial Excavation

Drain Clearing

If you have a plugged up drain, ECM's plumbing experts will use the right diagnostic equipment and a full range of drain clearing tools to get your drain flowing quickly. Hardened food, hair, grease and other contaminants can completely block a drain or restrict the flow enough to result in backups and slow flowing drains.

ECM plumbing experts use diagnostic tools and years of experience to assess the problem and provide you with the best repair and replacement options. ECM can handle all your clearing needs.

Underground Pipe Repair

Sewer Line Cleaning

ECM plumbing experts will clear clogged drains, plugged toilets and backed-up sewer drains—we're your drain cleaning experts. Slow moving and backed up drains are a nuisance and unsanitary. When you need sewer or drain cleaning service, ECM will be there today.

At ECM, we know it is easy for you to forget your drain and sewer lines until it is too late and they get clogged. That's why ECM's plumbing experts can clear drain problems and stopped-up drains today. With everything from our Thermal Imaging leak detection equipment to our Rooter Services, ECM plumbing experts will determine the problem with your drain and sewer lines and fix it today.

Residential Excavation - Before / After

• Our Jet Team has over 25 years experience!
• Every jet job comes with a free camera inspections.

• 7 days a week

69,000 square foot service center.

24,000 square foot warehouse.
